Description:

Paul who has a 13 handicap, will play with Nick who is a 43 handicap. Seven is the maximum number of strokes between handicaps allowed for the two person teams. His handicap is reduced to 20--Paul has 13, seven stroke difference is 20.

Paul has 13, Nick now has 20. Combined handicap is 33, the average is 17

Par for St. Anne CC is 72. $17 + 72 = 89$

Paul and Nick will play their round until they reach a score of 89. If that score is reached on the 16th hole, that is where the game ends for them. They must place the marker provided for them in the exact spot of their last shot. They landed on the 16th green. That is where their marker goes.

If Paul and Nick finished 18 holes and still had not reached 89, they would go back to the 1st hole and continue play until they reached a score of 89
